Minimum bid unless stated £8/\$10, however I reserve the right to refuse bids I consider unrealistic.

HOW TO BID

Basically, there are two ways of bidding; first is the simple Straight Bid - you offer a fixed amount for an item and if yours is the highest bid, you win at that price.

Secondly, and easier for those more familiar with internet auctions and for those collectors unsure of what to offer, is the Maximum Bid. You offer a bid to a maximum amount, which will be increased in 10% increments over the nearest bid up to your maximum amount. For example, you bid to a maximum of \$100 on an item, but the next highest bid is \$20 - you will pay \$22, i.e. 10% over the the next highest bid. In the event of a tie the fixed bidder, or earliest-placed bid wins.

IMPORTANT! Please make clear the system of bidding you are using and currency you are bidding in (Pounds Sterling, Euros or US Dollars). If you have a maximum budget to spend, please advise with your bids.

Please also double check your item numbers when bidding - I do not use titles or issue numbers on my auction spreadsheet, so if you bid on the wrong number and win it, it's yours!

NOTE: Some of the categorisation of certain instrumental-based artists has been, by necessity, arbitrary so please check all sections.
